

Web Real-time Monitoring

- Startup command

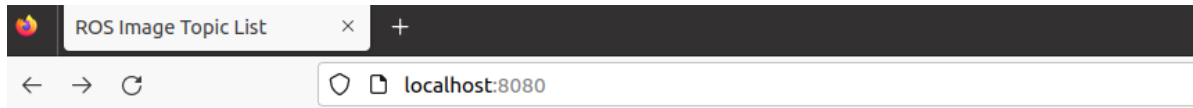

```
ros2 launch dofbot_info dofbot_web_camera.launch.py
```

- Local web browser view

```
http://localhost:8080/
```

- View from other devices (must be on the same local network, assuming 192.168.2.93 is the virtual machine's IP address)

```
http://192.168.2.93:8080/
```
